## UNITED STATES REFUSES TO SHUT HARBORS TO ALL SUBMARINES AS ASKED BY ALLIES

Entente Says Newport Is Base For Raid Costing \$6,000,000

## U-BOATS OUTLAWS CLAIM OF ALLIES

(By Leased Wire to New Mexican.) Washington, Oct. 10.—The United States has refused to accept the contention of the entente allies urging that neutrals deny the use of their harbors to all submarines, whether merchantmen or warships, Counselor Folk of the state department announced today.

The allied governments in a memorandum to neutral powers called attention to "the grave danger incurred by neutral submarines in the navigation of regions frequented by belligerent submarines." Counselor Folk announced the department's position, but refused to discuss the reason for it.

The American reply will not be made public before the return of Secretary Lansing from the summer White House tomorrow or Thursday. The claim of the allies that submarines are outlaws, as the note cabled last night from London shows, brought up the question of whether the American government may be sued for damages resulting from the call of the German submarine U-53, at Newport before she started on her spectacular raid against commerce. Under the interpretation of the allies, the position may be taken that Newport was made the base for operations which officials estimate already have caused at least \$6,000,000 damage to the allies. Any attempt to collect damages, would probably be opposed vigorously by this government, which holds that a warship has a right to enter a neutral harbor.

## CARGOES WORTH MILLIONS ARE NOW AT STAKE

New York, Oct. 10.—A day and a night without further news of the U-53 has not quieted any of the anxiety in shipping circles caused by the activities of the submarine commerce raider at the head of the Great North Atlantic Highway off Nantucket. If anything, the disappearance of the U-boat and the mystery regarding her present location increased the precautions taken by owners and agents of vessels of the entente nations.

Transatlantic liners and freight steamers approached this port today by unusual courses which carried them far out of the customary line. Cargo worth millions are at stake. The Scandinavian American liner, Frederik VIII, bringing James W. Gerard, the American ambassador to Germany, and the Anchor liner Gemonia, arrived early today. The Cunard liner, Orduna with a large number of passengers and the White Star liner, Cedric, heading toward New York from British ports are not expected for several days.

Exporters here say the submarine raid and the consequent advance of the insurance rates on Trans-Atlantic transportation amounting in some cases, to 500 percent will check exports from New York to European ports. Captain Grossness, of the Norwegian tank steamer Christian Knudsen, one of the vessels sunk off Nantucket last Sunday, officially reported to his agents in New York today his belief that three submarines were operating in the lightsight's vicinity.

## DEFIANCE OF AMERICA, VIEW OF FRENCH PRESS

Paris, Oct. 10.—Under the headlines of "Blackmail" and "Defiance," the morning newspapers print in prominent positions every scrap of news obtainable about the submarine campaign on the American coast, accompanied by plentiful comment.

The general sentiment of the press is that Germany is challenging the United States with a conviction that the challenge will not be taken up and that neutrals must see today that they acted unwisely in not "nipping the submarine warfare on commerce in the bud." The newspapers express the opinion that the submarine campaign off the American coast is the last touch to the situation which is becoming impossible owing to the sinking of Scandinavian and other neutral ships. They declare that neutrals must feel bound to act as the navigation of the whole world is affected.

## RUSSIAN TORPEDO BOAT SINKS GERMAN SUBMARINE

Christiana, Via London, Oct. 10.—A Russian torpedo-boat yesterday sank two German submarines after the submarine station at Separavrokh on the Murman coast, according to information received today from Petrograd. Several persons were killed by the submarine gun fire.

## AMERICA MUST AGREE TO PULL OUT ARMY, SAYS MIGHTY CARRANZA

Must Set Date Before Other Questions Can Be Discussed

## CHIEF OF STAFF UTTERS DECREE

(By Leased Wire to New Mexican.) San Antonio, Oct. 10.—Colonel Carranza, chief of staff to First Chief Carranza, said today that an agreement to withdraw American troops from Mexico must be signed and a definite date for withdrawal must be set before any other questions affecting Mexico can be brought up by the Mexican-American commission at Atlantic City.

## 1500 STUDENTS IN WISCONSIN VARSITY HAVE CLOSE SHAVE

Main Hall Burns Down; Miraculous Escape By Occupants

(By Leased Wire to New Mexican.) Madison, Wis., Oct. 10.—Fifteen hundred students, many of whom had miraculous escapes from death or serious injury fled from class rooms in the main hall of the University of Wisconsin this forenoon, when fire of unknown origin destroyed the building.

The fire is believed to have started in the literary society room. Student members of the university fire brigade, segmented by the entire city department, fought the flames, which were fanned by a gale.

Governor Phillip announced that he would amend the call of the legislature which is scheduled to meet in special term this afternoon to place a proposal for a special appropriation for a new building before that body. A rumor is current that the fire may have been started from a cigarette butt.

## CATRON TAKES STUMP; COUNTY WORRIES HIM

EX-SENATOR OUT WITH PANKEY, SENA, ORTIZ AND CLOSSON ON FOUR-DAY TRIP

U. S. Senator T. B. Catron today took the stump in the interests of the Republican party. He motored to the northern precincts with a party composed of State Senator B. F. Pankey, Col. Jose D. Sena, County Clerk M. A. Ortiz and Sheriff Charles C. Closson. It is said they will be away three or four days. It is well known that the insurgent Republicans now running on the independent county ticket have been working vigorously in the northern as well as the southern precincts of Santa Fe county, and it is said the standpat leaders are much worried.

## Roosevelt to Make Speech in El Paso

Silver City, N. M., Oct. 10.—It is authoritatively announced from the national Republican headquarters, New York, that Col. Theodore Roosevelt will make at least one speech in El Paso to the soldier boys and G. O. P. during the month of October. Efforts will be made by the Grant county Republican central committee to have the colonel come here for an address. The colonel has warm, personal friends residing in and around Silver City whom he visited in 1913.

## Teutons Advancing In Transylvania

Berlin, Oct. 10 (via London).—Continuing their advance in Transylvania the Austro-German forces, under General von Falkenhayn, have captured the passes in the Harghita and Carpat mountains. It was announced officially today.

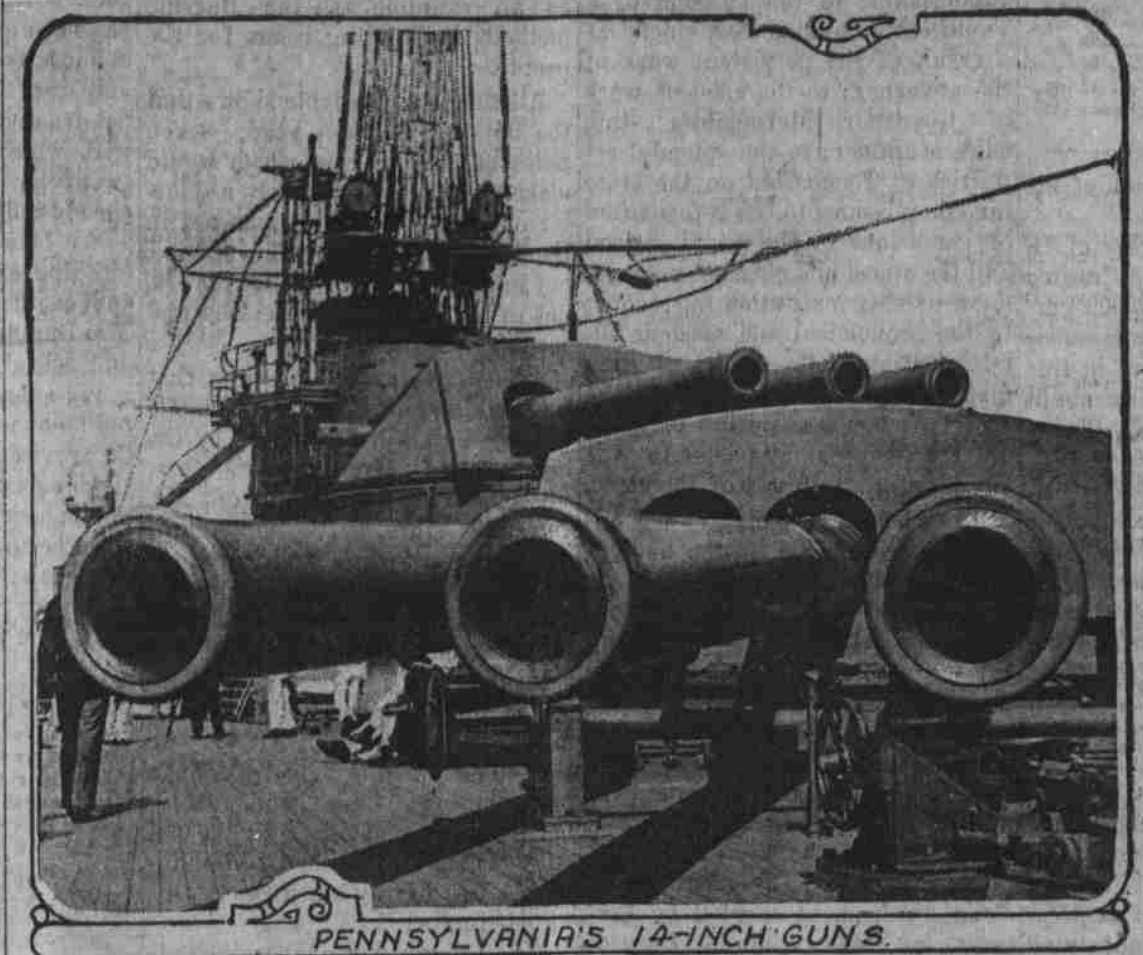

## STEEL TONNAGE

New York, Oct. 10.—The unfilled orders of the United States Steel corporation of September 30 stood at 8,522,584, a decrease of 137,773 tons, compared with those of August 31, according to the monthly statement today.

## SEAT SELLS FOR \$74,500

New York, Oct. 10.—A seat on the New York stock exchange was sold today for \$74,500, an advance on the last sale of \$40,400. Today's sale marked the high record for the year.

## Pennsylvania's 14 Inch Guns, Which Made Hits At Eleven Miles

In this picture we see some of the fourteen-inch guns of the new battleship Pennsylvania, photographed after they, with their sister guns of like caliber, showed the world some marvelous gunnery in the recent practice. The Pennsylvania was placed in commission on June 13 last, and already her big guns and her men have shown their ability to hit a target eleven and a half miles away with shells weighing 1,400 pounds apiece. No wonder the men of the Pennsylvania and Captain Henry B. Wilson, her commander, are proud of their splendid ship.

## Shifty Mr. Bursum Makes Another Break; Road Talk As Usual is Disastrous

Mr. H. O. Bursum, whose misrepresentation in this campaign is becoming classic, said in a speech at Roy on Saturday night that:

"Two hundred thousand dollars remaining from the half million bond issue has been reposing in friendly banks, but is being used toward the eve of election to promote and advance the Democratic chances of success."

This was a highly unfortunate, not to say extremely foolish remark for Mr. Bursum to make.

Mr. Bursum knows full well, as all the state knows, that in order for the people of New Mexico to get \$500,000 out of their \$500,000 road bond issue, it was publicly arranged to have proceeds of the bond issue remain at interest in banks until they could earn enough to help make up the difference between the par value of the bonds and what they brought in the market. For this purpose also the counties arranged to contribute each two per cent of its pro rata share of the bond proceeds.

Mr. Bursum knows, as all the state knows, that W. G. Kelly of the bond buyers, in a public statement said that "contracts and subscriptions had been received from banks to cover the difference between the market and the par value which guaranteed to the state treasurer the full \$500,000 in cash, together with accrued interest from date of sale."

Mr. Bursum knows, as all the state knows, that this arrangement alone made it possible for the people to get the full value of their bonds, while sufficient sums to prosecute the road building steadily could be immediately and continuously available.

Mr. Bursum knows as all the state knows that this wise arrangement, after being thoroughly explained to the people, became extremely popular and that the Democratic administration has earned the gratitude of the people for making the half million dollars which they voted begin work at once building roads at no extra eventual cost to the taxpayers.

Mr. Bursum knows, as all the state knows, that he and his legislature did not intend to make it possible to sell these bonds; that Mr. Bursum's Republican ring sought to enjoin the plan to make the money available; that it was necessary to mandamus Mr. Bursum's state auditor before he would transfer this money to the banks.

Mr. Bursum says this money has been reposing in "friendly banks."

If so, it has been drawing interest, which cannot be said of the huge sum of three-quarters of a million dollars deposited with a Republican state officer and by him deposited in what Mr. Bursum calls "friendly banks," WITHOUT EARNING INTEREST FOR THE STATE. And do you suppose banks carrying such an amount of money at no cost ARE

## GERARD SILENT; DECLINES TO SAY WHETHER KAISER IS SEEKING PEACE

Ambassador to Berlin Tells Reporters He Can't Say Word

## TALKS TO LANSING AND COL. HOUSE

(By Leased Wire to New Mexican.) New York, Oct. 10.—James W. Gerard, American ambassador to Germany, upon his arrival here today declined either to affirm or deny public reports that he was returning to the United States on a diplomatic mission on behalf of the emperor of Germany. To questions put to the ambassador by reporters who met him at quarantine, he replied: "It is useless to question me, boys; I cannot say a word. The length of my stay here is not yet determined, neither have I made any plans," he said. "I expect to go to Washington, but when I do not know, I am glad to be home, though."

Mrs. Gerard who accompanied the ambassador will go to Montana to visit her mother. Mrs. Gerard has been credited with taking a leading part in war relief in Germany. Asked as to this work, she disclaimed any personal credit, saying that all American women in Germany have done "magnificent work."

Prior to the departure this afternoon of Secretary Lansing for Long Beach to see President Wilson, Mr. Lansing and James W. Gerard, ambassador to Germany, had a conference with Colonel E. M. House, President Wilson's close friend and advisor. None would discuss the subject of the conference.

## DODGERS GET FIRST TASTE OF BLOOD IN SERIES

Brooklyn Turns Back Chesty Bostonese by 4 to 3 Score

## STICK ARTISTS DO THE TRICK

(By Leased Wire to New Mexican.) EBBETS FIELD, Brooklyn, Oct. 10.—The Brooklyn Nationals won their first world's series game today, turning back the Boston American by a score of 4 to 3. The series now stands: Boston 2; Brooklyn 1.

It was Brooklyn's lustrous and timely stick work that brought over the winning runs for the National League champions. They had no difficulty negotiating Mays' underhand ball. The home folks played a smart fielding game and no error marked their play. The old veteran Jack Coombs started in the box for Brooklyn but he began to lose his effectiveness in the sixth inning when Boston put over two runs, and in the seventh, when Gardner knocked the ball over the fence for a home run, Coombs signaled for a relief pitcher.

## Democrats Promise Roy Plenty of Rain in 1917

Great Enthusiasm Indicates That Precinct Will Give Senator Unanimous Vote; Walton's Roast Of Bursum Elicits Laughter; Jones Makes Splendid Impression

(Special to New Mexican.) Roy, N. M., Oct. 10.—A. A. Jones and W. B. Walton addressed an enthusiastic assemblage of voters here at noon Monday, during a typical Democratic rain. Mr. Jones, or rather into a discussion of the vital issues with a quiet dignity and forcefulness that impressed his hearers, and his address showed a wide experience and close acquaintance with affairs of state which could not be lost. Cheer after cheer during his talk gave assurance that this precinct will give him an almost unanimous vote on November 7.

A resume of Wilson's work during the past three and a half years drew enthusiastic applause as each point was scored.

Mr. Walton captivated his hearers with his direct manner of speech, and his reference to the work, or rather promises, of Boss Bursum, since he has been in the political game, were received with laughter.

While the rainy weather kept the attendance down to men voters, Mr. Walton assured the audience that if the Democratic ticket was given a good healthy majority on November 7 they would see that the people had plenty of rain during the coming season. The Roy Cornet band furnished patriotic music for the occasion.

Among those present for the events of Masonic week are: W. F. Jacobs of Silver City; H. H. Edwards, San

## THE WAR TODAY

INCREASED ACTIVITY south of the Somme is reported by the French war office. For some time the main efforts of the French and British have been made north of the river. Artillery was unusually active on the south front last night. This may be the prelude to another blow below the river.
